Annual June Fundraiser Going Virtual

We're always working to find new and different ways to work with sponsors and engage donors across the region in the midst of the COVID-19 pandemic. One unique way we're doing that is by creating a virtual event that replaces the annual June fundraiser this year.

Our typical fundraiser features intricate décor and fun themes and raises an average of \$50,000 for Foundation programs. Because of the pandemic, gathering together in person for the event isn't possible. So, we're creating an online auction to take its place.

As part of the new virtual event, you'll see how your generosity improves the lives of people throughout the community in a video we'll be sharing online ahead of time. We'll also be thanking sponsors for their steadfast support. Look for the video in mid-August. And, you won't want to miss the fantastic items up for grabs during the online auction, which takes place August 24-28. Among the things you can bid on: a family adventure package that includes bowling, movie passes and tickets to Ausable Chasm, a lottery tree with \$150 in lottery tickets and a package with gift certificates to area restaurants.

Visit UVMHealth.org/CVPHNon-Event for more information.

This picture was taken at last year's event, before masking and social distancing were required.

Transition Success Program Helps Patient Get Home Sooner

A recent foot surgery patient is a shining example of what The Foundation of CVPH's Transition Success program can do.

Beverly Duffina knows her way around the shops and stores across the North Country. But as the region began to slowly re-open following an initial lockdown in the early stages of the COVID-19 pandemic, the Mooers, NY resident suddenly found herself sitting in a hospital bed instead of searching for sales.

"I'm trying to get better to go shopping," Duffina said in her room at CVPH. "That's my goal. The stores are opening up now."

Duffina had to go to the hospital for surgery due to complications she's had with her feet most of her life due to diabetes. She spent five days at CVPH recovering. But, that's a lot less than what her length of stay would have been without the Transition Success program.

Transition Success helps pay for prescriptions, medical equipment and other necessities that allow patients to recover at home much sooner and prevent them from being readmitted to the hospital. In this case, thanks to community donations to the program, The Foundation was able to help cover her bill for IV antibiotic treatments at home for Beverly. Without that help, she would have had to stay at CVPH eight days longer to get all the treatments she needed.

"It's always better to be home than away," Donald Duffina, Beverly's husband of 51 years, said. "There are certain times when you should be in the hospital, for sure. But, there comes a time when you just feel better being at home."

Being able to recover at her house in Mooers instead of the hospital also gives Beverly more peace of mind.

"It's more relaxing," she admitted. "And knowing that I don't have to worry about home. He (Donald) has a defibrillator, so I worry about not being home if something happens to him while I'm not around."

As Beverly's foot gets better, she's looking forward to taking long walks again – with her husband and bargain hunting.

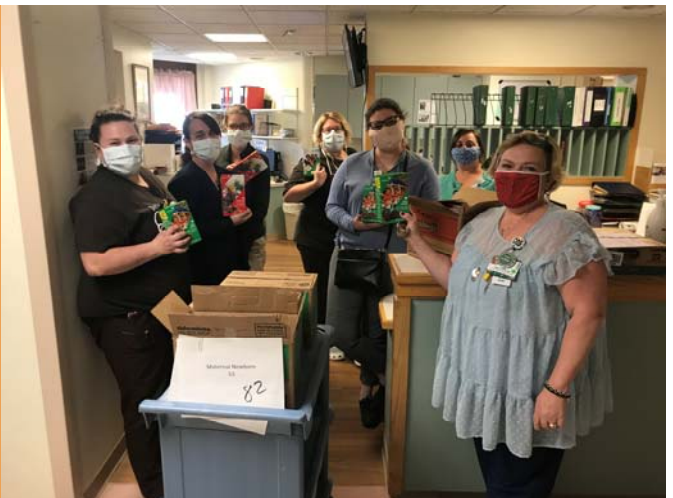

To learn more about the Transition Success program and other ways to help our patients, our employees and the community, head to UVMHealth.org/CVPHFoundation.

Transition Success Program

<u>Year</u>	<u>Total Funding</u>	<u>Patients Helped</u>
2017	\$10,658	65
2018	\$10,155	108
2020	\$17,335	181

Sweet Surprise

Girl Scouts in our region showed their gratitude for the work being done at CVPH by donating a box of cookies to each hospital employee. The Women and Children's Center was one of many areas getting dozens of boxes delivered at the end of June. We also want to thank volunteers from the American Red Cross, who graciously delivered the special treats. The Foundation was proud to accept the donations and make sure the cookies were distributed to every department.

Thank You for Supporting us through COVID-19

The pandemic that we are in has affected everyone's life in one way or another. For CVPH and The Foundation of CVPH, it has changed how we function. At the height of concern for our area, when we needed support of all kinds, you rose to the challenge to meet our needs and to fill our hearts with gratitude. Though we still have a ways to go until this pandemic is over, we are compelled to share our appreciation for what you have given over these past few months.

The following is a list of businesses, organizations and individuals who have contributed in some way to help us through the public health crisis. Everything from cleaning supplies and personal protective equipment to home sewn masks, food for the staff, encouraging gifts and monetary support. Many gave and did not leave their name with us but we are truly grateful to them as well.

A Legacy of Giving

The CVPH Heritage Society recognizes donors who have made plans to support The Foundation of CVPH through legacy gifts in wills or trusts and those who have established a charitable gift annuity agreement.

We rely on these gifts to provide the exceptional health care that our community expects and we have been extremely grateful throughout the COVID-19 crisis for legacy gifts received this year. Our healthcare system and budgets are being tested like never before and these important gifts have helped to keep us operating at an exceptional level.

We would like to express our gratitude to all members of The CVPH Heritage Society for having generously included CVPH in your family's plans. None of us could have predicted the events of this year, and by thoughtfully including CVPH in your legacy planning, you recognized that healthcare is vital at all times and we thank you.

If you have included CVPH in your will or trust, but haven't had a chance to tell us yet, we would love the opportunity to meet you and thank you. You are taking an important step towards supporting your community and we would love to celebrate that with you. Please contact Kerry Haley at khaley@cvph.org or (518) 562-7168.

How Your Gift Makes an Impact

Equipment & Comfort Items

\$606,000

55% of donated funds are invested in hospital equipment and programs that will enhance the care of our patients. This ranges from high tech bladder scanners to renovations for our Family Medicine Residency to simple activity books for patients to pass the time.

Support for All Ages

\$216,000

North Country residents' health and wellness are improved through Fitness in the Park programs, local recreational trails, use of bike helmets and providing places for solace and comfort.

Education

\$165,000

Funds provide scholarships for employees furthering their expertise in healthcare and high school seniors venturing into a career in health. You also fund community health lectures on varying topics.

Transitions of Care

\$67,000

Helping patients transition home from the hospital safely with proper medication and medical equipment, providing support to families while they are with their loved one and covering the needs of our support groups.

Travel Fund

\$54,000

Last year, 130 families were given help with expenses to travel to specialized healthcare they needed that is out of the area.

Girls, Mens Nights Out Cancelled

As CVPH continues to lead the way in working to prevent the spread of COVID-19, The Foundation has decided to cancel this year's Girls Night Out set for October and Men's Night Out in November.

The annual events promote health and wellness in the community. The decision was made in accordance with New York State Department of Health guidelines.

We look forward to holding both outings again when it is safe to do so.

FOUNDATION OF CVPH NEWS | ISSUE 6 — SUMMER 2020

Driving Better Health

Jim Abbott-Dick Coffey Golf Tournament Set For September

Enjoy a round of golf and feel good about helping your community. The annual Jim Abbott & Dick Coffey Memorial Golf Tournament hosted by The Foundation and The Hoffman Eells Group, CPAs (formerly Abbott, Frenyea & Russell, CPAs) tees off on **September 18 at Noon at Adirondack Golf & Country Club.**

This is subject to change depending on the latest developments involving the COVID-19 pandemic. The tournament was moved from the normal June date as a safety precaution.

Proceeds from the outing support vital health and wellness programs sponsored by The Foundation. It's also a great chance to honor Jim Abbott and Dick Coffey, who were community leaders, beloved fathers and avid golfers.

Red Tees, Mulligans and 50/50 raffle tickets will be available at registration, and there are many great prizes to win! For more information and to sign up, head to UVMHealth.org/CVPHFoundation. We hope to see you there!
